

**Medical and forensic services.** For the purposes of the OVS PMI, medical services are services that engage professional care provided by a clinician with appropriate licensure that is intended to identify and treat injury and physical needs of a crime victim. Forensic services are services that seek to collect evidence for use in a legal proceeding or to review evidence for future use.

Goal	Outcome	How Measured	How Verified
To provide appropriate and high quality <u>medical care</u> to victims/patients	The medical provider comprehensively identifies the victims' medical needs and meets the victims' needs	<p>Measured by the percentage of victims who were identified as needing and received: (1) treatment of injury; (2) identification and documentation of injury; (3) infection prophylaxis</p> <p>All measures are required</p> <p><b>Number of unique sexual assault victims served in the reporting period</b></p> <p><b>Number of unique sexual assault victims served in the reporting period that:</b></p> <ul style="list-style-type: none"> <li>• Had injury</li> <li>• Received treatment of injury</li> <li>• Received infection prophylaxis</li> <li>• Was forensically interviewed by you</li> </ul> <p><b>Number of unique domestic/intimate partner violence victims served in the reporting period</b></p> <p><b>Number of unique domestic/intimate partner violence victims served in the reporting period that:</b></p> <ul style="list-style-type: none"> <li>• Had injury</li> <li>• Received treatment of injury</li> <li>• Received infection prophylaxis</li> <li>• Was forensically interviewed by you</li> </ul> <p><b>Number of unique trauma victims served in the reporting period</b></p> <p><b>Number of unique trauma victims served in the reporting period that:</b></p> <ul style="list-style-type: none"> <li>• Had injury</li> <li>• Received treatment of injury</li> <li>• Received infection prophylaxis</li> <li>• Was forensically interviewed by you</li> </ul>	<p>Demonstration that the grantees is tracking and measuring the number of victims who are identified as needing treatment of injury, identification and documentation of injury, and infection prophylaxis vs. the number of victims were received those services. Demonstration that the information collected by the grantee supports that which was provided to OVS</p> <p><b>Information needed from grantee:</b></p> <p><b>Definition of injury</b></p> <p><b>Medications included in the provider's definition of infection prophylaxis</b></p>

	<p>The medical provider subjects the cases to peer review</p>	<p>Measured by the number/percentage of cases subjected to peer review during the reporting period</p> <p><b>Number of medical forensic exams conducted during the reporting quarter (all crime types)</b></p> <p><b>Number of peer reviews of exams conducted during the reporting period</b></p>	<p>Demonstration that the grantee is conducting regular peer review of cases, demonstration of the number of cases that were peer reviewed, and demonstration that the information provided to OVS matches the data contained by the grantee</p>
	<p>The medical provider ensures that their employees are adequately trained and certified</p>	<p>Measured by the number/percentage of employees who: (1) engaged in continuing education credits during the reporting period; (2) achieved certification by the appropriate certification board; (3) had a case peer reviewed during the reporting period</p> <p>All measures are required</p> <p><b>Number of employees or contractors employed or contracted with your program (medical forensic program only) during the reporting period</b></p> <p><b>Number of employees or contractors:</b></p> <ul style="list-style-type: none"> <li>• <b>Engaged in continuing education during the reporting quarter</b></li> <li>• <b>Were previously certified by the appropriate certification board during a preceding period</b></li> <li>• <b>Achieved certification by the appropriate certification board during the reporting quarter</b></li> <li>• <b>Had a case peer reviewed during the reporting quarter</b></li> </ul>	<p>Demonstration that the grantee engages their employees in regular and continuing education, encourages certification, and subjects employees to peer review. Demonstration that the information provided to OVS matches the data contained by the grantee.</p>

<p>To provide appropriate and high quality <u>forensic care</u> to victims/patients</p>	<p>The provider comprehensively collects evidence for use in a legal proceeding that is consistent with the victim's narrative</p>	<p>Measured by the number/percentage of cases in which the provider: (1) collects a toxicology sample; (2) collects a full PERK, consistent with the victim's narrative; (3) collects a coherent narrative, based on the victim's recitation of facts</p> <p>All measures are required</p> <p><b>Number of forensic exams OR analyses conducted during the reporting quarter (all crime types)</b></p> <p><b>Number of cases in which:</b></p> <ul style="list-style-type: none"> <li>• <b>Law enforcement was engaged</b></li> <li>• <b>Toxicology sample was appropriate for collection or analysis</b></li> <li>• <b>Toxicology sample was collected OR analyzed</b></li> <li>• <b>PERK was appropriate for collection OR analysis</b></li> <li>• <b>PERK was collected OR analyzed</b></li> </ul>	<p>Demonstration that the grantee collects data related to the number of victims who receive the services vs. those that do not receive the services. Demonstration that the grantee's information supports what is provided to OVS.</p> <p><b>Information needed from grantee:</b></p> <p><b>Whether the grantee is reporting on collection OR analysis</b></p>
	<p>The forensic provider subjects the cases to case review</p>	<p>Measured by the number/percentage of cases that were case reviewed by a multidisciplinary team during the reporting period</p> <p><b>Number of forensic exams OR analyses conducted during the reporting quarter (all crime types)</b></p> <p><b>Number of forensic exams OR analyses that were case reviewed by a multidisciplinary team during the reporting period</b></p>	<p>Demonstration that the grantee engages in a multidisciplinary peer review and demonstration that the grantee maintains information on the cases peer reviewed, and demonstration that the data provided to OVS matches the data kept by the grantee.</p> <p><b>Information needed from grantee:</b></p> <p><b>Name of the reviewing multidisciplinary team</b></p>
