FY25 Consolidated Victim Services Request for Applications (RFA) Questions and Answers

May 15, 2024

Question 1: For the FY25 Consolidated Victim Services work plan template, should the quarterly boxes show our anticipated progress towards our measurable annual outcomes? I'm confused because it is in the activities section, not the objective section, but this is how we have reported our progress towards outcomes in the past.

Answer: Yes. The quarterly activities should further break down the objective into a precise plan of operation for your project by quarter.
